

Conquer Chiari Walk Across America 2023 Corporate Sponsorship Opportunities

About The Walk Across America

The Conquer Chiari Walk Across America is an annual fundraising and awareness event comprised of a series of local walks held on the same day. In 2022 the event was held both live & virtually involving thousands of participants and raised more than \$300,000 for research and other patient centered programs. We are proud to say that, to date, we have funded over \$4.7 million in Chiari research. The 16th annual walk will be held on the 3rd & 4th Saturday of September. It is our goal to have at least one walk in every state.

About Chiari Malformation

Chiari Malformation is a serious neurological disorder where the bottom part of the brain, the cerebellum, descends out of the skull and crowds the spinal cord, putting pressure on both the brain and spine and causing many symptoms. It can strike children and adults and cause crippling headaches, neck pain, balance problems, trouble breathing, numbness and weakness in the limbs, and a host of other problems. To date there has been very little research on Chiari and fundamental questions regarding its underlying cause, diagnosis, and treatment remain unanswered. It is estimated that Chiari affects over 300,000 people in the US.
